Veeam Software helps organizations safeguard their investment in VMware virtual infrastructure by providing innovative systems management software designed to reduce costs, increase productivity and mitigate risk. Veeam is rapidly expanding its presence around the world. The company's U.S. headquarters is in Columbus, Ohio and European headquarters in London, UK and APAC headquarters based in Sydney Australia. Veeam Software is all about the people. The best people drive the best technologies to help IT organizations all over the world. Do you have a passion for new, cutting-edge technologies? We are always looking for talented, creative and motivated people to join our team. Take a look at the available positions below and apply today.

The Technical Writer will join the team responsible for supporting corporate blogs on various resources (the Veeam blog, the Hyper-V blog and more) as well as the company's activities on social media and technical communities. This person will support the team with writing technical articles for corporate blogs, online and offline magazines, Wikipedia, landing pages, etc.

Criteria de selectie pentru Technical Writer

Descopera caracteristicile profilului cautat de VEEAM Software

Responsabilitati

Vezi care sunt activitatile specifice acestui job

- Write technical texts in various formats (blog posts, online and offline magazines, texts for landing pages, etc.) on different topics - according to set standards regarding order, clarity, conciseness, style, and terminology;
- Review existing materials (texts on landing pages, paid ads, etc.) around company products and related technologies (virtualization, VMware vSphere, Microsoft Hyper-V, etc.) and recommend revisions or changes in scope, format, content, and methods of reproduction;
- Select photos, drawings, diagrams, and charts to illustrate material;
- Participate in weekly meetings around new and existing content with other global marketing teams (Product Strategy, Marketing Campaign Managers, Localization, etc.).

Profilul companiei

Veeam® recognizes the new challenges enterprises of all sizes across the globe face in enabling the Always-On Business™, one that must operate 24/7/365. To address this, Veeam has pioneered a new market of *Availability for the Always-On Enterprise*™. Unlike “Legacy Backup” solutions which provide recovery time (RTO) and recovery point objectives (RPO) of hours or days, Veeam helps enterprises meet recovery time and point objectives (RTPO™) of less than 15 minutes for all applications and data. This is achieved through a fundamentally new kind of holistic solution that delivers high-speed recovery, data loss avoidance, verified protection, leveraged data and complete visibility. Veeam Availability Suite™, which includes Veeam Backup & Replication™, leverages virtualization, storage, and cloud technologies that enable the modern data center to help organizations save time, mitigate risks, and dramatically reduce capital and operational costs.

Founded in 2006, Veeam currently has 34,500 ProPartners and more than 168,000 customers worldwide. Veeam’s global headquarters are located in Baar, Switzerland, and the company has offices throughout the world. To learn more, visit <http://www.veeam.com>.
